

Build your future at Prosperity

Be a part of our fast-growing firm working alongside our M&A and consulting professionals making a difference for our Clients.

Every Day.

Why Intern With Prosperity?

During the internship you'll receive the individual training and coaching needed to build a successful career at Prosperity Partners and beyond. Your work on Client projects will provide value from Day 1, all while experiencing our team, work style, and tight-knit culture firsthand.

How Will You Grow?

Your experience will include a mix of relevant training (formal and on-the-job), Client work, and social events to see what it's really like to work at Prosperity. Our goal is to set you up for success and provide a rewarding place to launch and grow your professional career.

Who Do We Look For?

Our interns are accounting, finance, or economics majors interested in a career in M&A and consulting with approximately one year left until graduation. We consider strong academic performance, leadership ability, problem solving skills, and enthusiasm for learning – we'll teach you the rest!

How Do You Apply?

Apply on Handshake or connect with us in person at a campus recruiting event. Applications are typically due in the fall. Our application process includes a resume submission, phone screen, case study, and interview. Summer internships are generally 10 weeks.

I enjoyed the learning opportunity and Client work. **Everything about the internship was amazing** because of Prosperity's team members.

S.B., INTERN | GEORGE WASHINGTON UNIVERSITY
